NEC Installation Projectors – WT Series

Extremely short throwing distance with complex mirroring system patented by NEC. Ideal for places with little space (e.g. POS).

NP Series

Projectors for multiple business applications in small and big rooms - with excellent brightness and connectivity. Ideal for fixed installation purposes. The networkable projectors NP1150/NP2150/NP3150 and NP3151W stand out with their Windows Vista® network functionality and cinematic video quality powered by HQV™ (Hollywood Quality Video).

Multimedia Switcher MM2000 – The perfect companion for DLP Cinema® projectors

The NEC Multimedia Switcher converts digital data from various external sources – DVD players, PCs, digital VCRs, digital tuners and digital cameras etc. – to allow DLP Cinema® projectors to screen anything from live concerts and sporting events to computer presentations and DVD content.

High video quality:

- Integrated Realta® video processor with HQV® (Hollywood Quality Video) technology
- 3D Motion Adaptive Deinterlacing with Multi-Directional Diagonal Filter for SC and HD
- Multi-Cadence detection including automatic detection of 2:3/2:2 pull-down signals and many other film formats
- Per-pixel Motion Adaptive Noise Reduction for SD
- Per-pixel Detail Enhancement to bring out more visible details
- Images with high-bit depth with full 10 bit image processing for SD, HD and video sources
- High contrast images with the Contrast Enhancement function for SD – NEC Unique technology

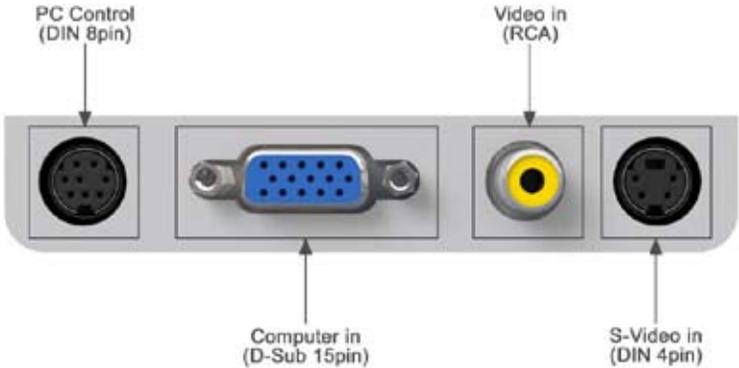

Easy to operate:

- One touch selection of input signals from NEC DLP Cinema Projectors
- Quick and flexible connection of input signals form up to 4 input modules

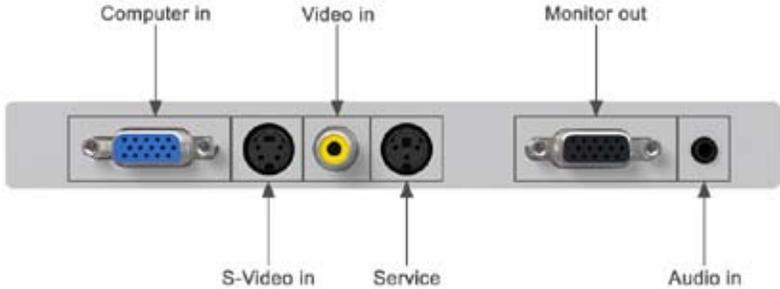

Multiple Input/Output Terminals

NEC projectors confirm their professionalism by a remarkable connectivity. Depending on the projector model the input and output terminals support several different image sources. Therefore NEC Display Solutions offers a perfect product portfolio for lots of different applications. From mobile operations up to fixed installation purposes in large venues.
